## 1.0 Introduction

General Information	Response
Name of Candidate:	Thatha Pavan Nagaraju
Apply Position:	Senior Android Developer / Android Developer
Date of Submission :	16-06-2017
Github repository link:	<a href="https://github.com/ThathaPavanNagaraju/TaskManager">https://github.com/ThathaPavanNagaraju/TaskManager</a>

## 2.0 How it Works

1)After you install the APK. You will be landed on List of Tasks Page.You can add the tasks by clicking the '+' Floating Action Button on the right bottom corner of the Main page.

2)You can also edit the Task and Delete After completing the Task Assigned the person.

3)You can go to the List of tasks page and add task through the left Drawer.

Every task is saved in the SQLite Database in the mobile and your data is safe and secure.
